
PLAYTIME:

30 minute sessions of playtime are available for pets boarding with us. The individual playtime takes place in a separate, quiet room where your pet gets special one-on-one attention. Each 30 minute playtime session is \$8.00.

DOG DAY CARE:

Dog day care is also available to all of our canine companions. You can conveniently drop your dog/puppy off in the morning and pick them up at the end of the day.

Through the course of the day, your dog will have breakfast, play time, and snacks (if you choose).

All veterinary & grooming services are available in addition to day care, for an additional charge.

This service is ideal for the puppy who is not ready to be home alone, the geriatric dog who needs attention throughout the day, or those pets requiring frequent medications/treatments. Dog Day Care is available for \$24.00 per day (as of 6/1/10).

VACCINATION REQUIREMENTS:

We require that all pets are **current** on their vaccines.

For dogs, that includes rabies, distemper/parvo and kennel cough.

For cats that includes rabies and feline distemper.

If vaccines were given at another hospital, proof of current vaccination is required at Check In.

The vaccine to protect against kennel cough (also known as bordetella tracheobronchitis) is required **annually** for dogs boarding with us.

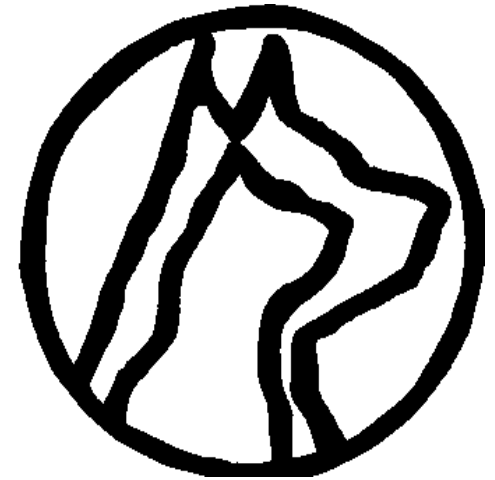

For maximum effectiveness, the vaccine should be given **at least 2 weeks prior to boarding**. Please feel free to ask for details.

Finally, we want to provide the best possible care for your pet while it is in our care. If you have any suggestions or comments that you feel may improve the care given to your pet, please let us know!

Release Authorization:

If someone other than the owner is to pick up a pet from boarding, please let us know when your pet is brought in. We will **not** release an animal to anyone other than the owner without prior authorization from the owner.

Helpful Hints:

Boarding as a Stress

Most dogs and cats adapt to the boarding environment, and, while they miss their families, their time with us is filled with wonderment of the many different sights and smells and activities in an animal hospital. A few do not eat well in the boarding environment and tend to lose weight, so bring along a special snack or your pets' favorite food.

Personal Pet Belongings

We cannot accept responsibility for any pet belongings that may become damaged or misplaced while your pet is boarding. **We kindly ask that you leave your pet's belongings at home.** Our facility is well equipped to accommodate your pet's needs for a bed, food/water bowls & treats/food. However, if your pet is extremely finicky or has a sensitivity to diet changes, feel free to bring in their regular food.

Emergency Information

Please be prepared at check in to leave with us a phone number and name of a person who can reach you or authorize treatment in the event your pet becomes ill during their stay with us. We will make every attempt to reach you and make you aware of any problems. However, should we be unable to reach you, we will do everything deemed medically necessary to treat your pet.
